

Payment Notice

MyFamilyGP is a cash practice.

Full payment of the current invoice is due at the end of the consultation, on the same day, before leaving the practice. You will receive an email copy of your tax invoice and receipt on the same day, and you may request a printed copy upon payment.

In rare cases where an invoice is issued after the patient has left the practice, payment is due upon receipt.

Accounts outstanding for 30 days or more are subject to interest at 10% per annum, except where alternative arrangements have been made directly with your MyFamilyGP doctor.

Thank you for your cooperation.
